DCFS require LA's to quote a "Notional SEN Budget" for all schools, and the above figures show the resources identified as being SEN related in 2010/11

All amounts quoted are already included in the original 2010 budget shares .

This is not an indication of how resources must be spent - it is the responsibility of headteachers and governors to ensure that the special educational needs of pupils are met from within the entire funds available to the school.

Additionally, "top-up" payments for pupils with Low Incidence statements will continue to be made on a termly basis.

The previous SEN Standards Fund allocations have now been incorporated, along with several other allocations into the School Development Grant.

Transition funding has ceased. However Schools Forum has agreed that the SEN propensity model results used for Units A, B and C should be the average for three years i.e. the unweighted average of the 2007, 2008, 2009 results.
