ORDER 2026**

STATEMENT OF REASONS

Hampshire County Council proposes to implement a Traffic Regulation Order (TRO) for new and amended parking controls along Anglesey Road, Gosport, at the southern end near to the seafront.

The proposed Traffic Regulation Order would introduce “no waiting at any time” restrictions (double yellow lines) on Anglesey Road. These are required alongside a new vehicle access as part of the planning agreement for a new care home development.

The aim of these restrictions is to keep the visibility splays at the new access clear. This helps ensure that people driving into and out of the site can see clearly and be seen clearly by others using the road. This supports safer movement for everyone.

Anglesey Road currently has sections where parking is unrestricted and informal. The level of parking varies, and it is often busier during peak seasons because of its proximity to the seafront.

Without parking restrictions, vehicles parked close to the new access will limit what drivers can see when leaving the site and also limit visibility of the new access for all road users on Anglesey Road. Reduced visibility can increase the likelihood of conflicts between road users and reduce overall safety.

Introducing double yellow lines at this location is a requirement through the planning agreements for the new care home, but the extent of the new parking restrictions has been carefully considered in order to retain some parking spaces whilst keeping the visibility splays clear and supporting the safe and consistent use of the highway for all road users.
