

Nature has so many different colours - how many can you spot around your school?

Make a note of everything you see that matches the colours down below. Which colour is the easiest to find?

I found a **pink** .....

I found a **red** .....

I found an **orange** .....

I found a **yellow** .....

I found a **pale-green** .....

I found a **dark-green** .....

I found a **pale-brown** .....

I found a **dark brown** .....

I found a **purple** .....

I found a **blue** .....
